Professional Profile

I am a motivated Information Technology student with practical experience in web application development, database management, mobile phone repair, and electrical installation. I enjoy creating responsive and user-friendly web applications while continuously improving my technical skills. I am passionate about solving real-world problems through technology and committed to delivering high-quality work.

Career Objective

To secure a challenging position where I can apply my technical knowledge, improve my professional experience, and contribute to the success of an organization. My goal is to become a highly skilled Full Stack Web Developer and IT Professional
